Seeking an opportunity to apply technical and problem-solving skills while learning and contributing to organizational goals.

Educations

Bachelor of Technology with speciliazation in Computer Science Engineering — 2022 - 2026
APJ Abdul Kalam Technical University , Lucknow — CGPA : 7.7

Intermediate - Completed my 10+2 from Mahatma Gandhi Inter College , Gorakhpur — 2022

High School - Completed my High School From Naval's National Academy , Gorakhpur — 2020

Technical Skills

- Concepts: Object Oriented Programings ,Basic DSA ,Operating System
- Programming Languages: Python, Java, JavaScript (Basic)
- Database: MySQL (Basic), DBMS
- Tools: MS Excel, MS Word, MS PowerPoint, VS Code , GitHub

Soft Skills

- Good Verbal & Communication Skill
- Attention to detail
- Logical Reasoning
- Adaptability

Projects

PERSONAL PORTFOLIO WEBSITE (HTML, CSS & JAVASCRIPT)

Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects, technical skills, and contact information. Implemented a clean, user-friendly interface with responsive layouts for seamless viewing across desktops, tablets, and mobile devices. Performed cross-browser and responsive testing to resolve layout and compatibility issues. Used GitHub for version control, project management, and code documentation.

Urban Eye - Smart City Dashboard (Full Stack Using MERN)

Developed a full-stack web application using the MERN stack (MongoDB, Express.js, React.js, Node.js) for smart surveillance and urban monitoring. Implemented secure user authentication, RESTful APIs, and MongoDB for efficient data management. Built an interactive dashboard with real-time complaint tracking and alert notifications to improve monitoring and issue resolution. Designed a responsive, user-friendly interface to enhance accessibility and overall user experience.

Training and Certifications

Python Full Stack with Gen AI including AWS and DSA (1 July 2026 - Ongoing)
Quality Thoughts Institution - Hyderabad
Course Covers: Python, Object-Oriented Programming (OOP), Data Structures, SQL, HTML, CSS, JavaScript, React.js, Django/Flask, REST APIs, Git & GitHub, MongoDB, AI Fundamentals, Prompt Engineering, AI Agentics, API Integration, and Full Stack Web Application Development.

Full Stack Development (MERN Stack) – Summer Training, NIELIT Gorakhpur Completed training on MongoDB, Express.js, React.js, Node.js, REST APIs, database management, and full-stack web application development through practical projects.

TCS iON Young Professional Program – 15-Day Soft Skills Course
Developed professional skills including business communication, presentation, teamwork, workplace etiquette, interview preparation, resume writing, and problem-solving.

SOFTPRO – Python Basics Workshop
Completed a one-day workshop on Python Basics, covering fundamental programming concepts and Python syntax. Gained hands-on exposure to basic Python programming and problem-solving concepts.
